

Trail Guide Volunteer Assignment

Thank you for volunteering to help with the Hike for the Homeless! Trail Guides are important in helping the hikers/participants find their way along the trail and to be a source of encouragement for them as they complete the Hike.

- **Check in at volunteer registration by 8:20 a.m.**
- **Meet at 8:30 a.m. at the Hike Start Line to receive instructions and be directed to your post on the trail.**
- We have to meet early as you will need to walk to your assigned areas on the trail.
- Your role is to cheer people on as they pass and to make sure they are going in the correct direction.
- You will stay on the trail until the last hikers are returning. You will receive more details/instruction about this as you start this volunteer assignment. You will walk back to the hike event area.
- As the last hiker passes you, you can follow them to come back to the event area. Please look for any of our signs, please grab them and bring them to the volunteer registration area and disassemble signs.
