

FRIDAY AFTERNOON - TASK LIST

- Trail signs
 - You all will need to mark a trail map with where signs should go. 2 volunteers can take the golf cart and place the signs
- Stage banners
 - Steve's team handles putting these up. It has to be done as part of the stage assembly if I am not mistaken.
- Vinyl banners on green stakes
 - We will have 6 or 7 banners. These go on the green stakes put in the ground with pole drivers, and banners are attached to the green stakes by zip ties
- Tent banners
 - Each (most) tent will have a banner that attaches with velcro to the the top of the tent. We will need the ladders for this.
- Misc, yard signs
 - There will be some yard signs that have SHFS info and social media info placed around the event area and on the trail. There are not many

We have never used them before, but we may need a few easels.
